How to create a MetaMask Wallet

MetaMask is a cryptocurrency wallet used to interact with the Ethereum blockchain. It can be accessed through an app or through a browser extension.

Step 1: Download MetaMask wallet
Go to https://metamask.io/ and click on "Download". Choose your preferred browser or mobile application and install the MetaMask extension.

MetaMask supports **iOS, Android native apps along with Chrome, Firefox, Brave** and **Edge browser extensions.**

Step 2: MetaMask wallet installation

Click on the MetaMask extension and click on "Get Started".

You can either import an existent wallet using the seed phrase or create a new one.

Step 3: How to create a new MetaMask wallet

Click on "Create a Wallet" and on the next window click on "I agree" if you would like to help improve MetaMask or click on "No Thanks" to proceed.

Step 4: Create a strong password for your wallet.

Step 5: Securely store the seed phrase for your wallet

Click on "Click here to reveal secret words" to show the seed phrase.

- MetaMask requires that you store your seed phrase in a safe place. It is the only way to recover your funds should your device crash or your browser reset. We

recommend you write it down. The most common method is to write your 12-word phrase on a piece of paper and store it safely in a place where only you have access. **Note: if you lose your seed phrase, MetaMask can't help you recover your wallet and your funds will be lost forever.**

- Never share your seed phrase or your private key to anyone or any site, unless you want them to have full control over your funds.
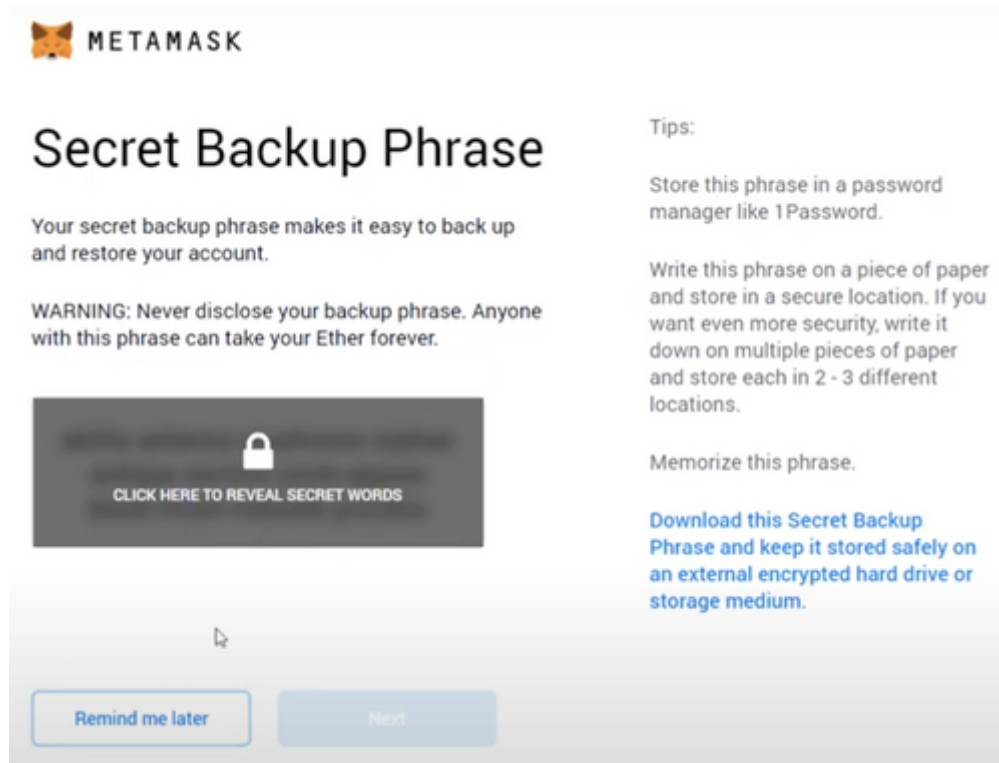

Click on "Next".

Step 6: Seed phrase confirmation

Confirm your secret backup phrase by clicking on each word in the order in which the words were presented on the previous screen. Click on "Confirm" to proceed.

METAMASK

< Back

Confirm your Secret Backup Phrase

Please select each phrase in order to make sure it is correct.

| network | uncle | frown | appear |
| antenna | blush | section | orphan |
| ability | mushroom | antique | process |

Confirm

METAMASK

Congratulations

You passed the test - keep your seedphrase safe, it's your responsibility!

Tips on storing it safely

• Save a backup in multiple places.
• Never share the phrase with anyone.
• Be careful of phishing! MetaMask will never spontaneously ask for your seed phrase.
• If you need to back up your seed phrase again, you can find it in Settings -> Security.
• If you ever have questions or see something fishy, email support@metamask.io.

*MetaMask cannot recover your seedphrase. Learn more.

All Done

Congratulations! Your MetaMask wallet has been set up successfully.

You can now access your wallet by clicking on the MetaMask icon at the top-right-end corner of your preferred browser.
